 RT @LynneGoodacre: Q1. What experience does anyone have of researching in collaboration with industry? #otalk

 #OTalk I'm here too looking forward to it

 **Louise @Louispenny87** 2 da
 @OTalk_ I think I know nothing about this topic, but keen to learn #OTalk

Nikki Daniels @NikkiDanielsOT 2 da

@LynneGoodacre I worked on a project funded by the MHRA so got the opportunity to work with a number of standing frame companies #OTalk

Dr Jenny Preston MBE @preston_jenny 2 da
I did wonder @LynneGoodacre, I've had to install new anti virus software and thought that was impacting on the speed of responses. In that case I'm really keen to hear how you approached industry for collaborations #OTalk <https://t.co/NEvYybrTJA>

OTalk @OTalk_ 2 da
@Louispenny87 Hopefully some of us will be able to share our experiences and inspire you or offer advice #OTalk

Lynne Goodacre PhD @LynneGoodacre 2 da
OK so lets explore Q2. what do you think are the advantages of researching with industry #otalk

OTalk @OTalk_ 2 da
Anyone else have any experience of collaborating with an industry partner? #OTalk <https://t.co/eez6llc1SE>

Elizabeth McKay @OTBeth131 2 da
Hi done work with range of partners but note industry #OTalk mostly health or school to date

Dr Jenny Preston MBE @preston_jenny 2 da
Is there access to different funding streams @LynneGoodacre #OTalk <https://t.co/CDEOSFxpfb>

Lynne Goodacre PhD @LynneGoodacre 2 da
Developing networks through discussions at clinical conferences and then having preliminary meetings #OTalk <https://t.co/1ZvaVNeeh7>

Dr Jenny Preston MBE @preston_jenny 2 da
We've been involved in commercial clinical trials, does that count @LynneGoodacre #OTalk <https://t.co/K4PONN86Fd>

OTalk @OTalk_ 2 da
Question 2; any thoughts? #OTalk <https://t.co/KOBkqgmp18>

Lynne Goodacre PhD @LynneGoodacre 2 da
Yes, and also the possibility of direct funding as well #OTalk <https://t.co/nEH1SXjQZo>

Louise @Louispenny87 2 da
@LynneGoodacre Funding? And a more corporate mindset and focus? #OTalk

Healthy Work Ltd @HealthyworkLtd 2 da
@LynneGoodacre I worked with an office seating co once to develop the extra specialist features req to suit more specialist needs #otalk

Elizabeth McKay @OTBeth131 2 da
#OTalk would think that collaborating with industry would have some advantages re developing research findings to next stage

Dr Jenny Preston MBE @preston_jenny 2 da
Did you have research ideas before then or did they develop once the networking became established @LynneGoodacre #OTalk <https://t.co/llsk3mkQiB>

Nikki Daniels @NikkiDanielsOT 2 da
@LynneGoodacre I found that the industry partners got a real sense of the value of our profession. It felt like a two way exchange of learning #OTalk

Dr Jenny Preston MBE @preston_jenny 2 da
Then it must be a good thing to consider @LynneGoodacre. What is the downside? #OTalk <https://t.co/LNX2JEeEnb>

Lynne Goodacre PhD @LynneGoodacre 2 da
What does the corporate mindset add @Louispenny87 #OTalk <https://t.co/xfgFLj8pXN>
