**Alison Laver-Fawcett** @alisonlaverfaw

RT @NikkiDanielsOT: Looking forward to tonight's chat on face validity. Should be a great discussion and learning opportunity. Lurkers w

**OTalk** @OTalk\_

Good evening all and welcome to tonight's #OTalk Research. It's @hooper\_ek on the OTalk account tonight. Who is here? Do say hello e are lurking or multitasking!

**Alison Laver-Fawcett** @alisonlaverfaw

RT @OTalk\_: 2 minute warning for tonight's #OTalk Research. Time to grab a cuppa and flex your fingers ready for the chat 😊

**Alison Laver-Fawcett** @alisonlaverfaw

RT @theRCOT: Tonight's #OTalk Research topic is: Face validity in outcome measures: what is it, why is it important and how do we eva

**Alison Laver-Fawcett** @alisonlaverfaw

RT @hooper\_ek: So I know that there's the small matter of the World Cup match for England tonight but do still join @alisonlaverfaw & I

**Holly Flintoff** @hollyflintoff

@OTalk\_ @hooper\_ek I'm here hello #otalk

**Dr Lynne Goodacre** @LynneGoodacre

Me too #OTalk

**OTalk** @OTalk\_

Hi @hollyflintoff glad you can join us! #OTalk <https://t.co/p362ITmKQz>

**Dr Jenny Preston MBE** @preston\_jenny

RT @OTalk\_: Good evening all and welcome to tonight's #OTalk Research. It's @hooper\_ek on the OTalk account tonight. Who is here? he...

**Dr Jenny Preston MBE** @preston\_jenny

Hi I'm here tonight @hooper\_ek #OTalk <https://t.co/bKibIMV2xp>

**Alison Laver-Fawcett** @alisonlaverfaw

Hello #OTalk - I'm Alison and I have been interested in assessment, outcome measures, the standardisation of tests and how we evaluate psychometric properties since the early 1990s. Really pleased we will be discussing face validity tonight

**OTalk** @OTalk\_

Hi @LynneGoodacre good to have you with us #OTalk <https://t.co/4yvSkaLI9>

**Alison Laver-Fawcett** @alisonlaverfaw

RT @OTalk\_: Good evening all and welcome to tonight's #OTalk Research. It's @hooper\_ek on the OTalk account tonight. Who is here?

he...

**OTalk** @OTalk\_

Hi @preston\_jenny #OTalk <https://t.co/wGWMWxBjm3>

**Carolina Cordero** @colourful\_ot

@OTalk\_ @hooper\_ek Hello! Enjoying the heatwave here #OTalk

**Alison Laver-Fawcett** @alisonlaverfaw

#OTalk @otalk first question for our chat tonight: What do you understand by the term 'face validity'? Do you have any definitions that you found useful?

**Julie-Anne Lowe** @julieannelowe1

@OTalk\_ @preston\_jenny Lurking from my bed tonight as not feeling to well #OTalk

**OTalk** @OTalk\_

So tonight's #OTalk Research might be a gentle and quiet one given the football but I know that I'm looking forward to exploring the topic validity. We are joined by @alisonlaverfaw who is leading our talk tonight.

**Beverley Turtle** @bevsaturtle

@OTalk\_ @alisonlaverfaw Lurking here tonight, outcome measurement is my jam!#OTalk

**Dr Jenny Preston MBE** @preston\_jenny

Aw that's not so good @julieannelowe1 hope you feel better soon #OTalk <https://t.co/2SHvKXQ2H8>

**Carolina Cordero** @colourful\_ot

@alisonlaverfaw @otalk I feel like I should know this but I'm having trouble remembering the difference between face validity and constr #OTalk

**OTalk** @OTalk\_

Question 1 from @alisonlaverfaw #OTalk <https://t.co/R3Ffp69Dw>

**Alison Laver-Fawcett** @alisonlaverfaw

RT @OTalk\_: So tonight's #OTalk Research might be a gentle and quiet one given the football but I know that I'm looking forward to expl

**Nikki Daniels** @NikkiDanielsOT

@OTalk\_ @hooper\_ek I'm here! Lurking and learning #OTalk

**Alison Laver-Fawcett** @alisonlaverfaw

RT @bevsaturtle: @OTalk\_ @alisonlaverfaw Lurking here tonight, outcome measurement is my jam!#OTalk

**Dr Lynne Goodacre** @LynneGoodacre

I guess I always go with does the measure actually measure what it's meant to measure #OTalk

**Julie-Anne Lowe** @julieannelowe1

@alisonlaverfaw @OTalk\_ @preston\_jenny Thank you... looking forward to an informed lurk, going to learn more #OTalk

**Dr Jenny Preston MBE** @preston\_jenny

Hello Alison, really interested in tonight's talk. Thank you for agreeing to lead #OTalk <https://t.co/HJMtVhXPbZ>

**OTalk** @OTalk\_

Great @bevsaturtle .... do feel free to post and join in rather than lurk :- ) #OTalk <https://t.co/MpYsWUYryh>

**Prof Diane Cox** @dianecox61  
Hi here but it late #OTalk

**Holly Flintoff** @hollyflintoff  
@OTalk\_ @alisonlaverfaw If I'm honest I'm totally clueless-I attempted some research on it (no pun) but got lost #otalk

**Alison Laver-Fawcett** @alisonlaverfaw  
#OTalk one of the challenges I have found with definitions of face validity is a lack of consistency regarding from whose perspective

**Julie-Anne Lowe** @julieannelowe1  
@alisonlaverfaw @otalk My understanding in very non research terms is that it does what it says on the tin... #OTalk

**Prof Diane Cox** @dianecox61  
@colourful\_ot @alisonlaverfaw @otalk #otalk @alisonlaverfaw @OTalk\_ simple definition that it looks right

**OTalk** @OTalk\_  
@colourful\_ot straight in there with a good question #OTalk Perhaps @alisonlaverfaw could give her opinion? <https://t.co/OfAV2xfzGF>

**Prof Diane Cox** @dianecox61  
RT @alisonlaverfaw: #OTalk one of the challenges I have found with definitions of face validity is a lack of consistency regarding from wh

**Dr Lynne Goodacre** @LynneGoodacre  
The challenge is needing to look back through the literature to find this out from the initial research #OTalk <https://t.co/wAp7NBmSzN>

**OTalk** @OTalk\_  
Thanks for joining us @dianecox61 we are just on Q1: What do you understand by the term 'face validity'? Do you have any definitions tl  
have found useful? #OTalk <https://t.co/Qe4Y7zxxiZ>

**Carolina Cordero** @colourful\_ot  
@julieannelowe1 @alisonlaverfaw @otalk Yes, that's what I had in mind as well - "measures what it says it's measuring" - but I always fc  
kind of validity that is! #OTalk

**Alison Laver-Fawcett** @alisonlaverfaw  
#OTalk Face validity relates to whether a test subjectively seems to measure what it is intended to measure (Asher, 2007) from the persp  
the person undertaking the test

**Prof Diane Cox** @dianecox61  
RT @alisonlaverfaw: #OTalk Face validity relates to whether a test subjectively seems to measure what it is intended to measure (Asher,

**Bill Wong, OTD, OTR/L** @BillWongOT  
Late to the party. #otalk

**Carolina Cordero** @colourful\_ot  
RT @alisonlaverfaw: #OTalk Face validity relates to whether a test subjectively seems to measure what it is intended to measure (Asher,

**Helen OTUK** @Helen\_OTUK  
@OTalk\_ @alisonlaverfaw Whoops, got chatting to @GillyGorry and missed the start of #OTalk ...just catching up. Great topic this eveni

**Dr Jenny Preston MBE** @preston\_jenny  
It often feels as if face validity should be less complicated but in practice it doesn't feel like that #OTalk. <https://t.co/XEtQb1qdcG>

**Julie-Anne Lowe** @julieannelowe1

@colourful\_ot @alisonlaverfaw @otalk To be fair I see the term validity and my brain panics and shouts quantitative research at me which scares me a little #OTalk

**Elsbeth LD OT** @Els\_OT  
RT @alisonlaverfaw: #OTalk one of the challenges I have found with definitions of face validity is a lack of consistency regarding from wh

**OTalk** @OTalk\_

Don't forget #otalk @edenmarrison <https://t.co/GWV0e2qaPZ>

**Helen OTUK** @Helen\_OTUK  
@DrWMB @alisonlaverfaw Would that depend upon the test that you where looking at? #OTalk

**OTalk** @OTalk\_  
Any wisdom on how to manage the subjectivity of it? @LynneGoodacre @alisonlaverfaw #OTalk <https://t.co/iRkdcIna0>

**OTalk** @OTalk\_  
Could it be both? @DrWMB @alisonlaverfaw #OTalk <https://t.co/ViAcKXrMs7>

**Julie-Anne Lowe** @julieannelowe1  
@LynneGoodacre I just start recite credibility and trustworthiness to bring me back into my comfort zone and the panic goes away 😊 #O

**Bill Wong, OTD, OTR/L** @BillWongOT

@OTalk\_ @LynneGoodacre @alisonlaverfaw I think it maybe good to occasionally have some team meetings to discuss scoring to see if team agrees. #otalk

**Bill Wong, OTD, OTR/L** @BillWongOT

RT @julieannelowe1: @LynneGoodacre I just start recite credibility and trustworthiness to bring me back into my comfort zone and the p

**Carolina Cordero** @colourful\_ot

@celiabentleyOT @julieannelowe1 @alisonlaverfaw @otalk Since the intro to research module that I did last year I feel like I understand general concepts of reliability and validity but I find that the specific types of validity - criterion validity, face validity, etc. - just blur together #OTalk

**Helen OTUK** @Helen\_OTUK

@DrWMB @alisonlaverfaw Yes, I would make that same assumption. #OTalk

**Bill Wong, OTD, OTR/L** @BillWongOT

RT @colourful\_ot: @celiabentleyOT @julieannelowe1 @alisonlaverfaw @otalk Since the intro to research module that I did last year I fe

**Alison Laver-Fawcett** @alisonlaverfaw

#OTalk That's where definitions vary! Always the person undertaking the test ( the patient, service user or client) with an OT test - but so definitions include the tea administrator too

**OTalk** @OTalk\_

It looks like the question of defining face validity has got our discussion hats on but we need to move on with the chat into Q2 if that's OK @alisonlaverfaw #OTalk

**Alison Laver-Fawcett** @alisonlaverfaw

RT @BillWongOT: @OTalk\_ @LynneGoodacre @alisonlaverfaw I think it maybe good to occasionally have some team meetings to disci to...

**Dr Lynne Goodacre** @LynneGoodacre

It's really interesting when you go back to the original paper to see how the questions were generated and by who #OTalk

**Holly Flintoff** @hollyflintoff

@OTalk\_ @LynneGoodacre @alisonlaverfaw Could the subjectivity be standardised? Is that a daft question? #otalk

**OTalk** @OTalk\_

This is why it's good that we can have Tweekchats like this @colourful\_ot .... it's good to come from a place of questioning what we think know & what we feel confused about! #OTalk <https://t.co/VR4f7EBGqQ>

**Alison Laver-Fawcett** @alisonlaverfaw

Some definitions also include the perspectives of the therapist administering the test; family members observing the test administration; e professionals who use the test results; or other people who might use the test results, e.g other MDT members #OTalk

**OTalk** @OTalk\_

RT @alisonlaverfaw: #OTalk That's where definitions vary! Always the person undertaking the test ( the patient, service user or client) wi

**Dr Lynne Goodacre** @LynneGoodacre

Sorry #OTalk <https://t.co/siXaVqg5IP>

**Alison Laver-Fawcett** @alisonlaverfaw

RT @colourful\_ot: @OTalk\_ Definitely! Also I find if there are things that I \*do\* understand and someone else isn't sure of, trying to expl..

**Prof Diane Cox** @dianecox61

#otalk don't be confused it more straight forward than it seems <https://t.co/sV03tosUU>

**Carolina Cordero** @colourful\_ot

@julieannelowe1 @OTalk\_ Thanks for the recommendation! I already have @trishgreenhalgh's How to Read a Paper on my research to but I can always do with more #OTalk

**Alison Laver-Fawcett** @alisonlaverfaw

RT @LynneGoodacre: When I started using outcomes the measures were developed on the basis of what health prof. Thought it was im

**OTalk** @OTalk\_

It's not a bad thing to be challenged on a hot Tuesday evening!! Good CPD :- ) @hollyflintoff #OTalk <https://t.co/560seTzn1Y>

**Dr Jenny Preston MBE** @preston\_jenny

Isn't that what makes it so interesting and important for us to understand? Dare I say it but perhaps we do sometimes administer assessr without thinking this through properly @alisonlaverfaw #OTalk <https://t.co/PZIRpk4AFz>

**Alison Laver-Fawcett** @alisonlaverfaw

RT @OTalk\_: It's not a bad thing to be challenged on a hot Tuesday evening!! Good CPD :- ) @hollyflintoff #OTalk <https://t.co/560seTzn1Y>

**Bill Wong, OTD, OTR/L** @BillWongOT

@OTalk\_ @hollyflintoff Nothing compared to Los Angeles though. I think we will be at around 40 Celsius by week's end! #otalk

**OTalk** @OTalk\_

Good comment @LynneGoodacre #OTalk <https://t.co/coW3alH4QF>

**Holly Flintoff** @hollyflintoff

@OTalk\_ @alisonlaverfaw I would imagine it's because you would need to know what u think u know before u use an assessment tool? make sense? #otalk

**Claire F** @clairefairy

RT @alisonlaverfaw: 2nd question Why is face validity important to study when developing or selecting occupational therapy assessmen

**Prof Diane Cox** @dianecox61

RT @preston\_jenny: Isn't that what makes it so interesting and important for us to understand? Dare I say it but perhaps we do sometime

**Bill Wong, OTD, OTR/L** @BillWongOT

@preston\_jenny @alisonlaverfaw Or sometimes we do so much that we go on auto pilot! #otalk

**Dr Lynne Goodacre** @LynneGoodacre

I wonder how often we are familiar with how a measure was developed in the first place, or do we just look at the questions and decide right or not? #OTalk

**Wendy Bryant** @DrWMB

@hollyflintoff @OTalk\_ @colourful\_ot #OTalk it is complicated but maybe helpful to think in terms of decision making? Part of how you cl to assess & what measures you use? It is subjective because so many things could be considered

**Helen OTUK** @Helen\_OTUK

@DrWMB OK so now I can not get those images out of my head. Thanks #OTalk

**Alison Laver-Fawcett** @alisonlaverfaw

One problem with standardised test is when people are experiencing stress during the assessment, they may not perform to the best of t  
Do we really understand if our clients find OT tests stressful? #OTalk

**Prof Diane Cox** @dianecox61

Good point Lynne #otalk <https://t.co/TNcQROs7YF>

**Dr Jenny Preston MBE** @preston\_jenny

@BillWongOT @alisonlaverfaw That's also very true #OTalk

**Julie-Anne Lowe** @julieannelowe1

@LynneGoodacre @alisonlaverfaw Outcome measures are interesting, as a clinican I was asked to use them to prove my own worth, as  
academic I encourage thier use to help develop evidence. I suppose it depends on why and what you are measuring @#OTalk

**Bill Wong, OTD, OTR/L** @BillWongOT

@hollyflintoff @OTalk\_ @alisonlaverfaw For sure- sure every patient in my setting might be assessed with one assessment. But then I th  
what else might be appropriate during their plan of care (given I can keep track of their progress). #otalk

**Carolina Cordero** @colourful\_ot

@alisonlaverfaw I feel like this is my go-to answer to at least one #OTalk question per week but... client-centredness? If the assessment  
measuring what the client/participant/person being assessed thinks it should be, we won't have the right priorities #OTalk

**Bill Wong, OTD, OTR/L** @BillWongOT

RT @julieannelowe1: @LynneGoodacre @alisonlaverfaw Outcome measures are interesting, as a clinican I was asked to use them to p  
own...

**Prof Diane Cox** @dianecox61

RT @julieannelowe1: @LynneGoodacre @alisonlaverfaw Outcome measures are interesting, as a clinican I was asked to use them to p  
own...

**Dr Jenny Preston MBE** @preston\_jenny

Makes perfect sense to me @hollyflintoff #OTalk <https://t.co/bjAkB7B4hA>

**Alison Laver-Fawcett** @alisonlaverfaw

3rd question When selecting an outcome measure for research how could you consider face validity?#OTalk

**Holly Flintoff** @hollyflintoff

@BillWongOT @OTalk\_ @alisonlaverfaw Yes like a multi-pronged attack-as it were #otalk

**Bill Wong, OTD, OTR/L** @BillWongOT

@alisonlaverfaw And another one could be- how well do the patients really fit certain scoring criteria? #otalk

**Wendy Bryant** @DrWMB

@Helen\_OTUK Sorry I've moved on to Harry Potter when he first gets measured for a wand: all sorts of strange measurements, funny b  
lack face validity #OTalk

**Dr Jenny Preston MBE** @preston\_jenny

RT @LynneGoodacre: When I started using outcomes the measures were developed on the basis of what health prof. Thought it was im

**Bill Wong, OTD, OTR/L** @BillWongOT

@hollyflintoff @OTalk\_ @alisonlaverfaw Yeah- unfortunately for me is not always a given because I get my workplaces change so much!

**Julie-Anne Lowe** @julieannelowe1

@LynneGoodacre Or at times are they foisted on us from a management perspective? #OTalk

**OTalk** @OTalk\_

This is a really good point. It's sometimes good to be on the 'receiving end' of a test in order to experience how it feels to complete it!  
@alisonlaverfaw #OTalk <https://t.co/ERsBFXNwI>

**Dr Lynne Goodacre** @LynneGoodacre

This is often a rationale for using non standardised assessment @DrWMB sometimes decisions need to be made if we are to collect reliable data  
#OTalk <https://t.co/fsDKC8fPHF>

**Prof Diane Cox** @dianecox61  
Great points Wendy @DrWMB #otalk @alisonlaverfaw <https://t.co/1uvEijmb4N>

**Shirley Pearce** @shirleypearcot  
@LynneGoodacre @DrWMB Just joined the discussion #OTalk - I can see the point of using standardised assessments in research, but clinical practice you need assessments and outcomes to relate far more to the individual than standardisation often allow.

**Bill Wong, OTD, OTR/L** @BillWongOT

@preston\_jenny @alisonlaverfaw Classic case will be peds for sure. We look at age and what skills we might want to assess. Then we tie the assessment. #otalk

**Dr Lynne Goodacre** @LynneGoodacre

Totally accept that some assessments are stressful but skilled therapists should be able to help with this and talking about the outcome is about the therapist than the test #OTalk <https://t.co/UazQziPsbd>

**Dr Jenny Preston MBE** @preston\_jenny

Not routinely in my experience @LynneGoodacre but definitely something we need to encourage @alisonlaverfaw #OTalk <https://t.co/Ynr>

**Alison Laver-Fawcett** @alisonlaverfaw

I conducted my first face validity study around 1991 when I was undertaking a project to develop, standardise and evaluate the psychometric properties of an assessment, the Structured Observational Test of Function (SOTOF), #OTalk found little guidance on method in literature

**Alison Laver-Fawcett** @alisonlaverfaw

RT @preston\_jenny: Isn't that the danger @BillWongOT that we use assessments determined by the setting and not by the client's need

**Alison Laver-Fawcett** @alisonlaverfaw

RT @DrWMB: @OTalk\_ @alisonlaverfaw #OTalk some of the general health questionnaires are so general, it's difficult to answer. Other

**Alison Laver-Fawcett** @alisonlaverfaw

RT @shirleypearceot: @LynneGoodacre @DrWMB Just joined the discussion #OTalk - I can see the point of using standardised assessments...

**Bill Wong, OTD, OTR/L** @BillWongOT

@DrWMB @OTalk\_ @alisonlaverfaw I once had a 500+ question personality test during my neurological testing. That is overwhelming when you throw one test after another... and this test is only one of them! #otalk

**Alison Laver-Fawcett** @alisonlaverfaw

RT @LynneGoodacre: Totally accept that some assessments are stressful but skilled therapists should be able to help with this and talking

**Wendy Bryant** @DrWMB

@dianecox61 @alisonlaverfaw Thanks. I'm remembering some of the cognitive & perceptual tests I used in practice: I'm not sure it was I explain #OTalk

**Bill Wong, OTD, OTR/L** @BillWongOT

RT @preston\_jenny: Isn't that the danger @BillWongOT that we use assessments determined by the setting and not by the client's need

**Dr Jenny Preston MBE** @preston\_jenny

Also if the correct assessment is being used and the client understands the rationale for this then it helps eliminate some of the stress @LynneGoodacre @alisonlaverfaw #OTalk <https://t.co/7zfvgl0aGo>

**OTalk** @OTalk\_

RT @alisonlaverfaw: I conducted my first face validity study around 1991 when I was undertaking a project to develop, standardise and e

**Carolina Cordero** @colourful\_ot

@BillWongOT @OTalk\_ @alisonlaverfaw I have a different relationship with the Sensory Profile than other assessments because it's one I completed myself with an OT when I was dealing with anxiety so I feel like I know it from the other side! #OTalk

https...

**Dr Lynne Goodacre** @LynneGoodacre

It's hard to find standard assessments that ask every question we want to ask but that doesn't mean we can use them as a component of an assessment and ask other questions #OTalk <https://t.co/SQNg6hEhm>

**Prof Diane Cox** @dianecox61

RT @shirleypearceot: @LynneGoodacre @DrWMB Just joined the discussion #OTalk - I can see the point of using standardised assessments...

**Alison Laver-Fawcett** @alisonlaverfaw

In addition to stress, feeling an assessments irrelevant or boring or contrived can impact a person's performance on the assessment and can make the results less reliable - it can also impact our rapport and therapeutic relationship #OTalk

**OTalk** @OTalk\_

@chrisbowdenOT @alisonlaverfaw Don't forget the #OTalk @chrisbowdenOT

**Alison Laver-Fawcett** @alisonlaverfaw

RT @BillWongOT: @DrWMB @OTalk\_ @alisonlaverfaw I once had a 500+ question personality test during my neurological testing. That was overwhelming...

**Alison Laver-Fawcett** @alisonlaverfaw

RT @DrWMB: @dianecox61 @alisonlaverfaw Thanks. I'm remembering some of the cognitive & perceptual tests I used in practice: I'm remembering...

**Dr Jenny Preston MBE** @preston\_jenny

Do you think we have made much progress since then @alisonlaverfaw #OTalk <https://t.co/yJMYRcaxck>

**Prof Diane Cox** @dianecox61

Love this comment @preston\_jenny sums up the issue for me in practice and research #OTalk @alisonlaverfaw <https://t.co/A9zs9x2jAy>

**Wendy Bryant** @DrWMB

@BillWongOT @OTalk\_ @alisonlaverfaw I'm doing repeated measures in the drug trial I'm on. They are so familiar now. I grit my teeth. I hate the questions but believe in the trial! #OTalk

**Alison Laver-Fawcett** @alisonlaverfaw

Question 4: #OTalk Have you ever undertaken research to evaluate the face validity of an assessment or outcome measure? How did you do it?

**Dr Lynne Goodacre** @LynneGoodacre

When I was developing an outcome we conducted a lot of qual research with clients first over many months to make sure we were asking questions important to them #OTalk and refining them down with client input

**Bill Wong, OTD, OTR/L** @BillWongOT

@colourful\_ot @OTalk\_ @alisonlaverfaw The ACLS was hard for me already when the OT did it on me. In the administrator position, my role made it even harder! #otalk

**Prof Diane Cox** @dianecox61

RT @LynneGoodacre: When I was developing an outcome we conducted a lot of qual research with clients first over many months to make sure we were asking questions important to them...

**Helen OTUK** @Helen\_OTUK

@preston\_jenny @LynneGoodacre @alisonlaverfaw Hmm... There maybe something in that, how do we as clinicians 'really get to grips' with doing a PhD? Or does it require PhD study too achieve this? If so how can the clinician access? Post grad modules? #OTalk

**Carolina Cordero** @colourful\_ot

@shirleypearceot @LynneGoodacre @DrWMB The placement I just finished showed me the pros and cons of standardised testing - the useful in terms of presenting clear scores and percentiles to parents but there also seemed to be so many situations where the assessments show the true picture #OTalk

**Shirley Pearce** @shirleypearceot

@LynneGoodacre Agree - we shouldn't get so standardised that we can't see what's most important to the individual #OTalk

**Alison Laver-Fawcett** @alisonlaverfaw

@preston\_jenny #OTalk Unfortunately not! when writing about validity for my text book I found there was still a lack of face validity studies published, not just in occupational therapy but also wider allied health assessment literature

**Elsbeth LD OT** @Els\_OT

RT @alisonlaverfaw: Question 4: #OTalk Have you ever undertaken research to evaluate the face validity of an assessment or outcome

**Julie-Anne Lowe** @julieannelowe1

@LynneGoodacre @alisonlaverfaw That's a really good point but hard for the novice therapist.. I vividly remember explaining (probably v as a new basic grade that Home assessments were not tests, with my elderly client asking me , how is it not when my discharge relies on #OTalk

**Prof Diane Cox** @dianecox61

RT @alisonlaverfaw: @preston\_jenny #OTalk Unfortunately not! when writing about validity for my text book I found there was still a lack

**Wendy Bryant** @DrWMB

@alisonlaverfaw Maybe one problem is with one-off use? Face validity could change with familiarity & time to understand why the test is #OTalk

**Bill Wong, OTD, OTR/L** @BillWongOT

@Helen\_OTUK @preston\_jenny @LynneGoodacre @alisonlaverfaw Good question- I think we need flexible options for clinicians. Not everyone have means and/or desires to go for doctorates. #otalk

**OTalk** @OTalk\_

Good point @Helen\_OTUK #OTalk <https://t.co/WLtJxqvVHh>

**Dr Lynne Goodacre** @LynneGoodacre

Don't need a PhD but do need to get curious about how we're the questions in this outcome developed. It will all be in the early literature # <https://t.co/EEExud3Tobh>

**Bill Wong, OTD, OTR/L** @BillWongOT

RT @DrWMB: @alisonlaverfaw Maybe one problem is with one-off use? Face validity could change with familiarity & time to understand

**OTalk** @OTalk\_

Q4 from @alisonlaverfaw #OTalk <https://t.co/JBvRXyYBsF>

**Shirley Pearce** @shirleypearceot

@Els\_OT @LynneGoodacre @DrWMB Quite #OTalk

**Bill Wong, OTD, OTR/L** @BillWongOT

@DrWMB @alisonlaverfaw I see that with the trails making test. Familiarity with the assessment- patient might remember where each dc faster completion time! #otalk

**Dr Jenny Preston MBE** @preston\_jenny

Not at all @Helen\_OTUK it doesn't require a PhD, it just gave me the luxury of having time to really understand the assessment before I we always read the chapters on the development of the tool ... I wonder 🤔 #OTalk <https://t.co/nBwqAFwQrk>

**Helen OTUK** @Helen\_OTUK  
TopTip... #OTalk <https://t.co/RcjhFKbA4p>

**Bill Wong, OTD, OTR/L** @BillWongOT

**Wendy Bryant** @DrWMB

RT @julieannelowe1: @LynneGoodacre @alisonlaverfaw That's a really good point but hard for the novice therapist.. I vividly remember

**Bill Wong, OTD, OTR/L** @BillWongOT

https://t.co/TMCYnP3KNJ info on test retest reliability, and validity, etc. #OTalk

**OTalk** @OTalk\_

A good model to follow highlighted here by @alisonlaverfaw #OTalk https://t.co/R2JCL76zp7

**Dr Lynne Goodacre** @LynneGoodacre

Interesting so if face validity was established in the initial development & then such qual work says something different which is right #OT  
https://t.co/HqVab2D1S7

**Alison Laver-Fawcett** @alisonlaverfaw

Last question: What methodologies can be used to explore and evaluate face validity? #OTalk

**Carolina Cordero** @colourful\_ot

@julieannelowe1 @alisonlaverfaw @shirleyppearceot @LynneGoodacre @DrWMB Yes - that was actually some of the feedback that I got  
educator, that I need to improve my clinical reasoning to bring together the assessment results and all the other info I have in order to make  
decisions in practice #OTalk

**Shirley Pearce** @shirleyppearceot

@OTalk\_ It's hard to distinguish between the appropriateness of the test for the situation/person and whether it really tested what we were  
would do... #OTalk

**OTalk** @OTalk\_

RT @BillWongOT: https://t.co/TMCYnP3KNJ info on test retest reliability, and validity, etc. #OTalk

**Bill Wong, OTD, OTR/L** @BillWongOT

@alisonlaverfaw @shirleyppearceot @DrWMB Now that there is app version of the trails making test. Perhaps it maybe a good idea to see  
randomization of dots can help erase this type of concern... though that can be another study in itself. #otalk

**Bill Wong, OTD, OTR/L** @BillWongOT

#OTalk https://t.co/NURYbjB2sw

**OTalk** @OTalk\_

Last question from @alisonlaverfaw for our final 5 minutes of chat #OTalk https://t.co/RvxBdIrkYE

**Bill Wong, OTD, OTR/L** @BillWongOT

RT @shirleyppearceot: @OTalk\_ It's hard to distinguish between the appropriateness of the test for the situation/person and whether it really

**Dr Jenny Preston MBE** @preston\_jenny

This is an interesting approach @alisonlaverfaw was this as part of a research study or in practice? #Otalk https://t.co/4UBkNeBJ7F

**Shirley Pearce** @shirleyppearceot

@julieannelowe1 @colourful\_ot @alisonlaverfaw @LynneGoodacre @DrWMB Yes probably - standardised tests need to be put in the context of  
individual person/circumstances or the measures are just meaningless stats #OTalk

**Prof Diane Cox** @dianecox61

RT @preston\_jenny: This is an interesting approach @alisonlaverfaw was this as part of a research study or in practice? #Otalk https://t.co/...

**Wendy Bryant** @DrWMB

@BillWongOT @alisonlaverfaw @shirleyppearceot But I guess it's important not to use those test results in isolation? #OTalk

**Alison Laver-Fawcett** @alisonlaverfaw

RT @LynneGoodacre: Interesting so if face validity was established in the initial development & then such qual work says something diff

**Bill Wong, OTD, OTR/L** @BillWongOT

@colourful\_ot @julieannelowe1 @alisonlaverfaw @shirleypearceot @LynneGoodacre @DrWMB I think it is good to know all the possibl might work for the setting than you are in. Then you can pick and choose rather than going off by suggestions from colleagues. #otalk

**Alison Laver-Fawcett** @alisonlaverfaw

#OTalk The COSMIN checklist manual (Mokkink et al., 2012: 31) stated that no standards were developed for assessing face validity bec validity requires a subjective judgement' - there is a lack of agreed standards for face validity studies

**Shirley Pearce** @shirleypearceot

@DrWMB @BillWongOT @alisonlaverfaw But too often that's exactly what happens when boxes have to be ticked #OTalk

**Bill Wong, OTD, OTR/L** @BillWongOT

@DrWMB @alisonlaverfaw @shirleypearceot For sure. I don't think I use that test only. Sometimes I also like to use my own gadgets (bu means standardized assessments) to try to confirm my clinical reasonings. #otalk

**Wendy Bryant** @DrWMB

@alisonlaverfaw I can't help thinking collaborative approaches would help, to draw conclusions from subjective views & build consensus

**Pam Watkins** @PWtherapist

RT @julieannelowe1: @LynneGoodacre @alisonlaverfaw That's a really good point but hard for the novice therapist.. I vividly remember

**Carolina Cordero** @colourful\_ot

@julieannelowe1 @alisonlaverfaw @shirleypearceot @LynneGoodacre @DrWMB Of course I know that in theory, but I think it's easier v inexperienced to look at the standardised scores than to notice some of the more subtle things that you might need to observe or consid area where I'm still developing #OTalk

**Shirley Pearce** @shirleypearceot

@BillWongOT @colourful\_ot @julieannelowe1 @alisonlaverfaw @LynneGoodacre @DrWMB That would have been good but I was the member of the team (the only Band 5) so I had to do as I was told - at least to start with #OTalk

**Bill Wong, OTD, OTR/L** @BillWongOT

@shirleypearceot @DrWMB @alisonlaverfaw Or in the case with the MBI- it is picking the most appropriate number for each particular it Sometimes that can be guess work, though! #otalk

**Bill Wong, OTD, OTR/L** @BillWongOT
